NPIC/TDS/D-1129-67  
9 November 1967

MEMORANDUM FOR: Chief, Procurement Division, OL  
ATTENTION : Chief, Contract Administration and Settlement Branch, PD  
THROUGH : Chief, Support Staff, NPIC  
SUBJECT :

1. The subject contract with  is for the design, development and fabrication of a pair of Prototype Advanced Anamorphic Eyepieces for the  High-Power Stereoviewer. The Contractor, in his letter dated 31 October 1967, has submitted an Acceptance Test Procedure for Government approval.

2. The procedure is acceptable except for the following:

a. Included in the combinations of optical objectives and eyepieces to be used in the test should be the 1.3X  objective and both of the  Compensating Eyepieces (the 6X and 10X). Therefore, the test will include all combinations of: (1) different zoom settings of the High-Power Stereoviewer, (2) available objectives (1.3X  3X, 6X, and 10X  and (3) compensating eyepieces (6X and 10X Wild).

b. A test to determine the interpupillary distance range of the High-Power Stereoviewer equipped with the Anamorphic Eyepieces will be made.

3. This information has been verbally communicated to the Contractor by the technical monitor; however, it is requested that formal notification be given the Contractor by the Contracting Officer.
